

Catalys® Chain Oil

DESCRIPTION

Catalys chain saw oils are made from quality paraffinic mineral oil. They contain additives which prevent oxidation and the formation of rust whatever the environment; protect mechanical components against premature wear and breakage and prevent being ejected from the chains by adhering to them. These oils are tinted red to distinguish them from other lubricants and to see their presence on the chains. They are available in heavy, regular, and light grades.

APPLICATION / BENEFITS

Catalys Chain Oils provide exceptional performance on power saw chains and bars. Their adhesion makes them suitable for equipment requiring a non-drip lubricant, including conveyor gears and chains, recreational vehicle drives and household maintenance equipment. They can be applied by automatic dripping system or manually.

PHYSICAL PROPERTIES	Chain Oil Heavy	Chain Oil Regular	Chain Oil Light
Color	Red	Red	Red
Kinematic Viscosity at 40°C, cSt	100	68	42
Density at 15°C, kg/L	0,880	0,870	0,854
Flash Point, °C	210	200	190
Pour Point, °C	-18	-27	-33

The values listed above are typical of current production, variations in these properties may occur.

AVAILABLE PACK SIZES

	Bulk	Tote	Drum	4 X 3.78L
Catalys Chain Oil Heavy	07-2010-00	07-2010-04	07-2010-05	07-2010-32
Catalys Chain Oil Regular	07-2008-00	07-2008-04	07-2008-05	07-2008-32
Catalys Chain Oil Light	07-2005-00	07-2005-04	07-2008-05	07-2008-32

THE PACK SIZES ABOVE ARE OUR STANDARD PACK SIZES. PLEASE COMMUNICATE WITH US TO FIND OUT FORMATS AVAILABLE LOCALLY.

HEALTH/SAFETY

GHS compliant English and French Safety Data Sheets are available at catalyslubricants.ca under 'Safety Data Sheets'. Keep container closed when not in use. Please refer to the SDS for safe handling information. Always take used oil and containers to an authorized collection point. Avoid discharge into the environment. As with any oil, keep out of reach of children and animals.

QUALITY

Catalys Lubricants partners with respected industry suppliers to bring you high quality products. For more information, contact your local Catalys Representative. Please ensure this product is right for the equipment by following the recommendations of the equipment operating manual.
