

## Windshield Washer Fluid

### Premium Winter Windshield Washer Fluid

#### Description

Nemco Windshield Washer Fluids are premium, ready-to-use, cold-weather windshield cleaners formulated to effectively clean glass windshields. This product is a blend of water, methanol, and detergent and assists in removal of grime and ice build-up.

Nemco windshield washer fluids are designed to meet Canada's severe cold-weather conditions and is offered in solutions meeting freeze points of -40°C, -45°C, and -50°C and is also sold in concentrate for users intending to mix to their own ratio. For summer applications refer to Nemco Bug Basher.

#### Advantages

- Ready-to-Use, do NOT dilute
- Economical formula
- Suitable for vehicles and equipment with glass windshields

#### Use and Storage

Always read and follow your equipment manual. Washer Fluids have a shelf life of 5 years under ideal storage conditions. Keep packages closed while not in use, store in a cool, dry area and away from open heat sources, sparking tools and equipment.

#### Health, Safety, & Environment

GHS compliant Safety Data Sheets are available at [nemco.ca](http://nemco.ca) under the Safety Data Sheets. For SDS in French, please contact [info@nemco.ca](mailto:info@nemco.ca). These materials are WHMIS 2015 and TDG classified. The SDS contains valuable information critical to the safe handling and proper use of the product. Avoid discharge into drains, soil, or water. As with any chemical, keep out of reach of children and animals.

#### Typical Characteristics - Windshield Washer Fluids

Properties	Method	Performance			
		WWF -40	WWF -45	WWF -50	WWF Conc.
Colour	Appearance	Blue	Blue	Blue	Blue
SPG, 20°C	Internal	0.932	0.927	0.923	0.824
Freeze point, °C(°F)	ASTM D3321	-40(-40)	-45(-49)	-50(-58)	n/a
Flash point, °C(°F)	ASTM D56	26.0(79)	26.5(79.7)	27.0(81)	12.0(52)

*These characteristics are typical of current production, variations in these characteristics may occur.*
